

## **HOUSSE AND WAIVERS FOR MULTI-SUBJECT ALTERNATIVE EDUCATION TEACHERS**

The purpose of this document is to define “multi-subject teacher in an alternative education setting.”

Please note that ALL teachers working in alternative education settings must meet No Child Left Behind highly qualified teacher provisions (which may be met using Indiana’s HOUSSE rubric).  
Definition of a multi-subject teacher in an Alternative Education program:

**1. Alternative education:** Alternative education is defined by Indiana Code 20-30-8. In addition to meeting all criteria set out in 20-30-8, to qualify as an alternative education program for the purpose of this definition, the program must:

- ☐ Enroll the majority (at least 80%) of its students for AT LEAST 15 days or more (meaning students are placed in this program for at least 15 days).
- ☐ Operate for AT LEAST 2 consecutive hours each day (this means that THE SAME students attend the program for at least 2 consecutive hours).
- ☐ Act as the primary educational placement for students enrolled in the Alternative Education program (i.e., students attend this program instead of the program of their traditional “sending” school.).

Only a multi-subject teacher working in an Alternative Education program that meets the above criteria will qualify for this definition.

**2. Multi-subject teacher:** To qualify as a multi-subject teacher in an Alternative Education program, a teacher must:

- ☐ Be employed by the school corporation.
- ☐ Have primary employment in the Alternative Education program of the school corporation.
- ☐ Teach two or more core academic subjects to students that are enrolled in an Alternative Education program.
- ☐ Hold a valid Indiana teacher’s license in AT LEAST one of the following areas:
  - Elementary Education (for Bulletin 94, 192, 400, and Rules 46-47)
  - Elementary: Intermediate Generalist (for Rules 2002)
  - Content specific license for Junior High/Middle School setting (Rules 2002)
  - Special education (exceptional needs) in any exceptionality area (all licenses)
  - Content specific license for Secondary/High School setting (Bulletins 94, 192, 400; Rules 46-47; Rules 2002)
- ☐ Have at least a Bachelor’s degree.
- ☐ Achieve 100 points FOR EACH CORE ACADEMIC SUBJECT TAUGHT on Indiana’s HOUSSE rubric.

Teachers who are working in Alternative Education programs that meet the eligibility criteria as specified in Indiana Code 20-30-8 AND the criteria listed in point one (above) and who meet the definition of multi-subject teacher (point two) will not be required to hold an Indiana teacher’s license in every subject that they teach to meet state accreditation requirements. This waiver is valid only while the teacher’s primary placement is in the Alternative Education program.
